Dear Tim,

Thank you again and again for hanging in there with us as we (you) totally remodeled our home. You stuck with us from the beginning of seeing our vision for what we wanted in each space and found the right people to see the ideas through to completion.

The kids love having a common space to spread out and each having their own room. I am really happy with my extra storage and laundry room. However, the master bedroom and bath are the "piste de resistance." You did a super job working with Kyle's vision to make it all happen.

We look forward to the next 12 to 14 years in our home. Watching our kids grow up here and enjoying all of the improvements you made to fit our house to our family and lifestyle.

We wish you continued success with your remodel business. While we recommend you every chance we get, please feel free to give our name as a reference and call us anytime that you'd like to show our home to prospective clients.

You're a good man Tim and it shows in your business and the way you conduct your life. I'm glad the Lord brought us together for this project and look forward to seeing how he continues to use us.

Blessings,

Susan & Kyle R.
