Dear Tim:

Angie and I want you to know how pleased we are with the remodeling/design work you performed for us in connection with the 1996 renovation of our kitchen.

We could not have been more satisfied with the results. Your employees and subcontractors were courteous and timely, the quality of your work was uniformly excellent, your design suggestions were well conceived and the project was completed on schedule and within budget. I do not believe we could have had a better experience.

The acid test, I suppose, of one's performance is whether it generates repeat business. In view of the fact that you completed a second project for us in January 1997 and are now working on yet another project; you have obviously passed that test with flying colors.

Please use this letter, and our name, as a reference. In addition, we would be happy to visit with any of your prospective clients.

Very truly yours,

Timothy V.
